

Partner Membership Use Case: LEARNING AND DEVELOPMENT

Externals and guests can apply for a Partner Membership on day one, giving them access to collaboration tools in GovTEAMS, including Microsoft Office 365 tools and other apps like Creately. Below you can find an example of how a **training provider** (who has a contract with the APS) will find a Partner Membership useful in GovTEAMS when hosting a training session.

HOSTING A TRAINING SESSION IN GOVTEAMS AS A GUEST

Function	Guest
Self Register for GovTEAMS	Must be invited by Full Access Member
Create a Private/Hidden Community	✗
Create a Meeting	✗
